The perfect gentleman, the man that all men want to be and all women want to possess. But, unfortunately, most often it remains an empty place. What are the typical mistakes you make to attract a man? Lack of confidence in yourself and in your appearance. You always look at yourself in the mirror and think:

"Oh my God, I have such a skin that constantly turns red." You do not like your figure, so you are trying to lose weight? You understand that for a man who likes you, appearance is far from the most important thing. You expect that he will somehow react in a special way to your appearance, so you are emotionally included in the "game". In fact, you are interested in how you look. But both a man and you should know what is more attractive to him. Maybe he likes your smile, your movements, your tone of voice? Do you communicate with him and do not pay attention to what he is like in life? Or do you go to clubs where there are a lot of beautiful girls? Think with your head. "Male" view of the relationship. Women love it! And the "male" male look looks like this: a feminine woman is a "thing" for him, but when he talks to her, sexual desire arises. And when he talks to an "unfeminine" woman, disgust arises. But this does not mean that your man is cheating on you. He just shows that you are not attractive to him. And in general, you should not even think about him if you cannot afford to be feminine. Your assessment of his material wealth. What do you think, can a man have enough income so that he can afford all your Wishlist? And what will happen if he pays attention to "a woman without inner content", unable to provide for herself? Can you imagine such a "wife"? A normal man will never raise his hand to the woman he loves. At the very least, he will respect her and take care of her. So study yourself and build a healthy, positive relationship with a man. And you will be surrounded only by worthy men!
