7. Hard Reset Legend (Steam) $ 14.99 □□□□□□□

What's Up?
Hard Reset Legend, the 'Castlevania' Rerolled Titled by Konami, is an action-RPG where the game's concept is based on a role-reversal. The main character David, a noble thief, travels to four different locations in order to obtain four fabled 'Legend Fragments' and 'Deadly Reward'. The game's unique gameplay is a sightseeing '70's era RPG with table-top, 12- or 16-step 'walkthrough' dungeons. The player-character is able to physically touch and use enemy monsters, equipment and drops at the instructions of the game's unique AI, as well as the voice of the player-character. However, the AI character cannot be directly controlled by the player character.

How To Crack:

Download the Patch with the tutorial video from this page

Unzip the patch. Right-click on the unzipped folder, and select Extract all. You should see a patch-file.exes in the patch folder.

Right-click on it and chose to Run it.

Click on Yes to install. Please wait.

A Batch file will open where you can see a line of codes. Paste it in Notepad, and save it as "cmd" (CMD are instructions in Windows).
(This is where we will add commands to check for updates, or to put the same commands into the Rockstar Games Launcher when the game is updated later on.)

Double-click on the saved cmd file to set it as a new command in the Windows Command Window.

Run the patch.exe file that extracted earlier, by double-clicking on the file. Your files should be successfully patched.

Play the game.

Enjoy! :)

If you have any problem with setting the code, please contact me or tell me in the comment section.

Have fun...
